

# About Hindalco

## Driving growth with diverse ventures

Hindalco Industries Limited is the metals flagship company of the Aditya Birla Group and an industry leader in aluminium, copper and Specialty Alumina (chemicals) manufacturing.

We are among the world's largest non-ferrous metals companies with a full suite of packaging, automotive, building and construction, and aerospace solutions.

Today, we rank among the major global aluminium players as an integrated producer, with a footprint in 10 countries, including India.

We are the largest fully integrated aluminium manufacturing company in India. One of Asia's largest producers of primary aluminium (excluding China), we are India's most significant downstream aluminium player, providing customised solutions in flat rolled products and extrusions. We operate one of the largest custom copper smelters at a single location in Asia. Furthermore, we are the third largest manufacturer of copper cathode rods outside of China.

Our specialty alumina (Chemicals) business is at the forefront of the industry in India and is recognised as a prominent global player in specialty alumina and hydrates.

**We are the largest fully integrated aluminium manufacturing company in India.**

### Vision

To be a premium metals major, global in size and reach, excelling in everything we do, and creating value for our stakeholders.

**We are India's largest aluminium downstream player, providing customised solutions in flat-rolled products and extrusions.**

Novelis, our wholly-owned subsidiary, is the world's largest aluminium flat-rolled products (FRP) producer and recycler. Novelis' diversified product portfolio caters to beverage cans, automotive, aerospace, and specialties end markets.

Being a global player with a strong presence in the Indian and an international market, our operations span 19 manufacturing units in India, 21 mining operations in India and 33 overseas manufacturing facilities. Out of 33 overseas facilities, 17 facilities have recycling capabilities.

We are committed to sustainable growth and are expanding our business to increase our value-added product portfolio.

We are moving beyond our traditional role as an upstream player and expanding into distinct B2B and B2C business models, prioritising materials, value-added products, and solutions.

### Values
