Ambikapur, Dt. 05 8 2017

To,

M/s Hindalco Industries Limited,

(Kudag Bauxite Mine)

Village- Kudag, Tehsil - Samri, District - Balrampur-Ramanujganj (C.G.)

Subject:

Renewal of consent of the board under Section 21 of the Air (Prevention & Control of Pollution) Act, 1981.

Ref.:

Your online application no. 486480 dated 21/07/2017 and subsequent

correspondence ending dated 04/08/2017.

With reference to your above, application consent and license are hereby renewed for a period of Five years i.e. from 01/12/2017 to 30/11/2022 with the terms and conditions incorporated in the consent issued by Board Office letter No. 6884/TS/CECB/2007, Raipur, dated 24/12/2007, subsequent renewal of consent issued by Board and additional condition mentioned

NAME	additional condition mentio			
Mining of Bauxite Ore	PRODUCTION CAPACITY			
Additional Conditions:	0.6 lakhe T/A			
The Industry phall	(Zero point Six Lakhs Tones Per Annum)			

- The Industry shall operate & maintain the air pollution control system effectively & regularly. Effective steps shall be taken to control fugitive dust emission. Fixed type automatic water sprinkling system shall be installed at haul roads/other roads, ore stock yard etc. Dust suppression system (water sprinkling arrangement) shall be made more effective to ensure ambient air quality within prescribed limit in and around the mine area all the time. 2
- Regular monitoring for the measurement of air pollutants level in ambient shall be carried out. Industry shall submit air quality monitoring reports to the Board regularly. 3.
- Industry shall ensure safe and scientific arrangement for disposal of all solid wastes.
- All internal roads shall be made pucca & shall be maintained properly. Dust, muck & sludge 4. generated due to transportation on the road shall be cleaned and disposed off properly. Industry shall maintain good house keeping within mine lease area. Industry shall ensure the transportation of ore in duly covered vehicles. 5.
- Industry shall use fly ash based products in their construction/ repairing activities.
- Wide green belt of broad leaf local species shall be developed all along the mine lease area. As for as possible maximum area of open spaces shall be utilized for plantation purposes. 7.
- Industry shall submit Environment statement to the Board as per provision of Environmental (Protection) Amendment Rule, 1993 for the previous year ending 31st March on or before 30th Chhattisgarh Environment Conservation Board reserves the rights to revoke the Consent at 8.

any time for any violation/non-compliance. Please acknowledge the receipt of this letter.

Renewal of consent of the board under Section 25/26 of the Water (Prevention &

Control of Pollution) Act, 1974.

Ref.

Your online application no. 486480 dated 21/07/2017 and subsequent

correspondence ending dated 04/08/2017.

With reference to your above, application consent and license are hereby renewed for a period of Five years i.e. from 01/12/2017 to 30/11/2022 with the terms and conditions incorporated in the consent issued by Board Office letter No. 6880/TS/CECB/2007, Raipur, dated 24/12/2007, subsequent renewal of consent issued by Board and additional condition mentioned

NAME					
	PRODUCTION CAPACITY				
Mining of Bauxite Ore	0.6 Lakhs T./Annum				
litional Conditions:	(Zero point Six Lakhs Tones Per Annum)				

Additional Conditions:

- Industry shall operate and maintain the effluent treatment system effectively and regularly. Industry shall ensure treated effluent quality within the standards prescribed by Board published in Gazette Notification dated 25.03.1988. Treated effluent shall be used for dust suppression, domestic use, irrigation, other useful purposes etc. Industry shall not discharge any treated/untreated effluent into the river or any other surface water bodies. No effluent shall be discharged outside of the mine premises in any circumstances; hence zero discharge condition shall be maintained all the time; failing which, this renewal of consent may be 2.
- Industry shall ensure safe and scientific arrangement for disposal of all solid wastes. Excavated area shall be reclaimed scientifically.
- All internal roads shall be made pucca & shall be maintained properly. Dust, muck & sludge generated due to transportation on the road shall be cleaned and disposed off properly. Industry shall maintain good house keeping within mine lease area. Industry shall ensure the transportation of ore in duly covered vehicles.
- Industry shall use fly ash based products in their construction/ repairing activities. 4 5.

Industry shall submit monitoring report of effluent regularly.

Wide green belt of broad leaf local species shall be developed all along the mine lease area. 6. As for as possible maximum area of open spaces shall be utilized for plantation purposes.

7. Provision of water harvesting system should be provided in the industry premises. 8.

Industry shall submit Environment statement to the Board as per provision of Environmental (Protection) Amendment Rule, 1993 for the previous year ending 31st March on or before 30th 9.

Chhattisgarh Environment Conservation Board reserves the rights to revoke the Consent at any time for any violation/non-compliance. Please acknowledge the receipt of this letter.

Actual Expenditure incurred in Environment Management Plan:-

Total cost incurred for protection of environment in Samri, Tatijharia & Kudag Bauxite mine of Hindalco Industries Ltd. of Chhattisgarh state during the Second half period of F.Y. 2020-21 (October 2020 to March 2021).

S.No.	Environmental Protection measure	Actual Cost (Lac) F.Y. 2020-21 (October 2020 to March 2021)			
1	Environment Monitoring	14.42			
2	Green Belt	11.84			
3	Occupational Health monitoring	2.10			
4	Reclamation/ Rehabilitation on mined out area (Samri- 9.407 Ha. Kudag – 0 Ha. Tatijharia-10.072 Ha. Total – 19.479 Ha.)	58.437			
	Total	86.797			

- Environment monitoring jobs has been out sourced to Anacon Lab, recognized by MoEF (GOI) & NABL etc.
- One centralized nursery has been established at Samri mines for, Samri, Tatijharia
 & Kudag lease.
- Reclamation of mined out land has been out sourced along with production.
 Average cost of reclamation considered @ 3.00 Lac per ha.

Validity of this NOC shall be subject to compliance of the following mandatory conditions:

- No additional ground water abstraction and/or de-watering structures shall be constructed for this purpose without prior approval of the Central Ground Water Authority (CGWA).
- 2) The proponent shall seek prior permission from CGWA for any increase in quantum of groundwater abstraction (more than that permitted in NOC for specific period).
- 3) All ground water abstraction/ de-watering structures shall be fitted/continue to be fitted with digital water flow meters by the firm at its own cost. Daily ground water abstraction data shall be monitored / continue to be monitored (in case of renewal) by the firm and recorded in a log book. Details of month-wise ground water abstraction shall be submitted to the Regional Director on annual basis.
- 4) In case the ground water abstraction is more than 10 m³/day, monthly water level monitoring data shall be maintained and submitted annually to the Regional Office of CGWB. Wherever groundwater withdrawal is more than 500 m³/day, the firm shall install telemetry system in one of the piezometers and share USER ID and password of the telemetry system with the Regional Director, CGWB.
- In case ground water abstraction is more than 10 m³/day, ground water quality shall be monitored once in a year (during pre-monsoon period) and the report submitted to the Regional Office, CGWB.
- 6) Ground water augmentation measures, as stipulated in the NOC, shall be implemented (in new cases) / continue to be maintained (in case of renewal) in consultation with the concerned Regional Director, CGWB
- Proof of recharge/water harvesting (photographs of structures constructed) shall be submitted to the concerned Regional Director, CGWB. The firm shall also undertake periodic maintenance of recharge structures at its own cost.
- 8) The firm shall optimize water use through recycling/ reuse of waste water after proper treatment.
- 9) The project proponent shall take all necessary measures to prevent contamination of ground water in the premises falling which the firm shall be responsible for any consequences arising thereupon.
- 10) In case of industries likely to contaminate the ground water, no recharge measures shall be taken up by the firm inside the plant premises. The runoff generated from the rooftop shall be stored and put to beneficial use by the firm.
- 11) Wherever the NOC is for abstraction of saline water and the existing wells (s) is /are yielding fresh water, the same shall be sealed and new tubewell(s) tapping saline water zone shall be constructed within 3 months of the issuance of NOC. The firm shall also ensure safe disposal of saline residue, if any
- 12) In case of mining projects, additional key wells shall be established in consultation with the Regional Director, CGWB for ground water level monitoring four (4) times a year (January, May, August and November) in core as well as buffer zones of the mine.
- 13) Unexpected variations in inflow of ground water into the mine pit, if any, shall be reported to the concerned Regional Director, Central Ground Water Board.
- 14) The firm shall report compliance of the NOC conditions online in the website (www.cgwa-noc.gov.in) within one year from the date of issue of this NOC
- 15) This NOC is subject to prevailing Central/State Government rules/laws/norms or Court orders related to construction of tube well/ground water abstraction structure / recharge or conservation structure/discharge of effluents or any such matter as applicable.
- 16) This NOC does not absolve the proponents of their obligation / requirement to obtain other statutory and administrative
- 17) The issue of this NOC does not imply that other statutory / administrative clearances shall be granted to the project by the concerned authorities. Such authorities would consider the project on merits and take decisions independently of the NOC
- 18) This NOC is being issued without any prejudice to the directions of the Hon'ble NGT/court orders in cases related to ground
- 19) Application for renewal can be submitted online from 90 days before the expiry of NOC. Application for renewal of expired NOCs shall not be entertained and subsequent ground water withdrawal, if any, shall be illegal & liable for legal action as per provisions of Environment protection Act (EPA), 1986

(Non-compliance of the conditions mentioned above is likely to result in the cancellation of NOC and legal action against the proponent.)
