

Half Yearly Compliance Report**2025****01 Jun(01 Oct - 31 Mar)****Acknowledgement**

Proposal Name	Hindalco Almex Aerospace Ltd		
Name of Entity / Corporate Office	Hindalco Almex Aerospace Ltd		
Village(s)	N/A		
District	AURANGABAD		
Proposal No.	IA/MH/IND/5668/2007	Category	Industrial Projects - 1
Plot / Survey / Khasra No.	N/A	Sub-District	N/A
State	MAHARASHTRA	Entity's PAN	*****7909P
MoEF File No.	J-11011/567/2007-IA	Entity name as per PAN	HINDALCO-ALMEX AEROSPACE LIMITED

Compliance Reporting Details

Reporting Year	2025
Remarks (if any)	Half Yearly EC Compliance report for the period of Oct 25 to March-26.
Reporting Period	01 Jun(01 Oct - 31 Mar)

Details of Production and Project Area

Name of Entity / Corporate Office	Hindalco Almex Aerospace Ltd	
	Project Area as per EC Granted	Actual Project Area in Possession
Private	80	8
Revenue Land	0	0
Forest	0	0
Others	N/A	N/A
Total	80	8

Others Area

Sr. no	Other Name	Area Granted	Area Actual
1	SEZ	8	8

Production Capacity

Sr. no	Product Name	units	Valid Upto	Capacity	Production last year	Capacity as per CTO
1	Aluminum Cast Billets and Slabs	Tons per Annum (TPA)	31/01/2032	55200	4421.105	12000
2	Dross	Tons per Annum (TPA)	31/01/2032	3600	236.56	720

Conditions

Specific Conditions

Sr.No.	Condition Type	Condition Details
1	WATER QUALITY MONITORING AND PRESERVATION	i. The industry shall ensure that the treated effluent and stack emissions in the unit are within the norms stipulated under the EPA rules or Maharashtra Pollution Control Board (MPCB) whichever is more stringent. In case of process disturbances/ failure of pollution control equipment adopted in the unit, the respective unit shall be shut down and shall not be restarted until the control measures are rectified to achieve the desired efficiency.
PPs Submission: Complied A full-fledged STP of capacity 35 M3/Day has already been installed onsite for the sewage water treatment generated in the plant area. Treated wastewater conforms to norms prescribed by Maharashtra Pollution Control Board (MPCB) 3 Nos of stack monitoring done on every quarter and all results are within the norms stipulated under the EPA rules or Maharashtra Pollution Control Board (MPCB).		Date: 08/04/2026
2	AIR QUALITY MONITORING AND PRESERVATION	ii. Fluorine emissions shall be controlled within the permissible limits, regularly monitored and reports submitted to the Ministry Regional Office at Bhopal / MPCB / CPCB. Stack monitoring for the stack attached to the furnace shall be carried out for all the relevant parameters. The emission of particulate matter from various process units shall not exceed 50 mg/m3 and conform to the standards prescribed by the concerned authorities from time to time.
PPs Submission: Complied 3 Nos of stack monitoring done on every quarter and all results are within the norms stipulated under the EPA rules or consent of Maharashtra Pollution Control Board (MPCB). Quarterly consent report submitted to MPCB. Dioxin Fluorine monitoring done from authorised party.		Date: 08/04/2026
3	AIR QUALITY MONITORING AND PRESERVATION	iii. Bag filter and ventury scrubber shall be installed to control gaseous emissions within 50 mg/m3. Dust suppression and dust extraction systems shall be provided to control fugitive emissions at material handling, melting and casting operation points. Emissions from the furnace shall be controlled by installation of hood with proper ventilation system. The exhaust from the system shall be let out through the stack of adequate height. Fugitive emissions generated in the processing areas from melting, purification and casting units and emissions from vehicular movement shall be controlled, regularly monitored for SPM and records maintained.
PPs Submission: Complied We are using Propane gas as feed stock fuel for furnace which is cleaner fuel and has zero SOX and less NOX and CO emission compared to conventional furnace fuel and our gases emissions are under prescribed range. We had installed hood with proper ventilation system for the furnace to control emissions and stack is at adequate height as per MPCB norms. We are regularly monitoring		Date: 08/04/2026

stack emissions, maintained the records of emissions and regularly submitting details to the MPCB. Additionally, we had done the study through CSIR-National Environmental Engineering Research Institute (NEERI) which clearly stated that the Bag filter/ Wet Scrubber is not required for the melting furnace.		
4	WATER QUALITY MONITORING AND PRESERVATION	iv. Total water requirement from the MIDC shall not exceed 100 m3/day as per the permission accorded by the MIDC vide letter dated 21st August 2007. The process effluent shall be properly treated in effluent treatment plant (ETP). The domestic wastewater shall be treated in sewage treatment plant (STP) and used for green belt development. No effluent shall be discharged outside the premises, and 'zero' discharge shall be strictly followed.
PPs Submission: Complied Our total water consumption is well under MPCB permitted quantity. The domestic wastewater treated in sewage treatment plant (STP) and used for green belt development. No effluent discharged outside the premises, and we do not have ETP as no process effluent is generated.		Date: 08/04/2026
5	WASTE MANAGEMENT	v. M.S. Scrap and G.I. wires, wooden scrap, Aluminium Dross, Aluminium Scrap etc. shall be sold to authorized vendors only. Oil and grease shall be sold to authorized recyclers/reprocesses.
PPs Submission: Complied M.S. Scrap and G.I. wires, wooden scrap, Aluminium Dross, Aluminium Scrap etc. are sold to authorised vendors. Waste oil also sent to authorized recycler.		Date: 08/04/2026
6	GREENBELT	vi. As proposed, green belt shall be raised in 35 percent area to mitigate the effects of fugitive emissions as per the Central Pollution Control Board guidelines.
PPs Submission: Complied Local species are chosen for developing greenbelt. We have green belt as per prescribed norms in our plant area.		Date: 08/04/2026
General Conditions		
Sr.No.	Condition Type	Condition Details
1	Statutory compliance	i. The project authorities must strictly adhere to the stipulations made by the Maharashtra State Pollution Control Board (MPCB) and the State Government.
PPs Submission: Complied We are adhering all stipulations made by the Maharashtra State Pollution Control Board (MPCB) and the State Government.		Date: 08/04/2026
2	MISCELLANEOUS	ii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment and Forests.
PPs Submission: Complied No expansion is planned.		Date: 08/04/2026
3	AIR QUALITY MONITORING AND PRESERVATION	iii. Ambient air quality monitoring stations shall be set up in the down wind direction as well as where maximum ground level concentration of SPM are anticipated in consultation with the MPCB and data submitted to the CPCB and MPCB regularly.

PPs Submission: Complied Ambient air quality monitoring is being done as per latest guidelines of National Ambient Air Quality standards and all results are well within limit. Quarterly compliance report regularly submitted to MPCB.		Date: 08/04/2026
4	AIR QUALITY MONITORING AND PRESERVATION	iv. The company shall connect the pollution control equipment to DG set to ensure operation of these equipment during power failure. The company shall also provide interlocking system with the process equipment so that the plant automatically stops in case the pollution load exceeds the guaranteed limits. NOx levels from the DG sets shall be as per the EPA norms. Sulphur in the furnace oil used in the DG set/furnace shall not be more than 2 Percent.
PPs Submission: Complied All the pollution control equipment are already connected to DG sets. Additionally, Retro Emission Control Device (RECD) installed for both DG set. NOx levels of the DG set are well within EPA norms and MPCB consent conditions. Stack monitoring of both DG set carried out on every quarter and report submitted to MPCB.		Date: 08/04/2026
5	WATER QUALITY MONITORING AND PRESERVATION	v. Adequate number of influent and effluent quality monitoring stations shall be set up in consultation with the MPCB. Regular monitoring shall be carried out for relevant parameters.
PPs Submission: Complied Domestic effluent waste and treated water analysis carried out with relevant parameters on every quarter and results are within prescribe limit. Quarterly compliance report submitted to MPCB.		Date: 08/04/2026
6	WATER QUALITY MONITORING AND PRESERVATION	vi. The company shall undertake rainwater-harvesting measures to recharge the ground water in the area.
PPs Submission: Complied Rainwater Harvesting has been implemented for recharging the ground water.		Date: 08/04/2026
7	Statutory compliance	vii. Occupational Health Surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.
PPs Submission: Complied Six monthly periodical health check-ups of employees carried out on a regular basis and record maintained.		Date: 08/04/2026
8	MISCELLANEOUS	viii. The project proponent shall also comply with all the environmental protection measures and safeguards recommended in the EIA report.
PPs Submission: Complied Environment Statement Report in Form V is online submitted to MPCB portal.		Date: 08/04/2026
9	MISCELLANEOUS	ix. As proposed in EIA/EMP, Rs. 1.30 Crores and Rs. 5.0 Lakhs/annum earmarked towards capital and recurring cost/annum for environmental pollution control measures shall be exclusively used to implement the conditions stipulated by the Ministry of Environment and Forests and State Government. A time bound action plan along with the implementation schedule to comply with all the conditions stipulated herein shall be submitted to the Ministry's Regional Office at Bhopal. The funds so provided shall not be diverted for any other purpose. have been kept towards capital cost and recurring cost/annum for environmental pollution control measures.

PPs Submission: Complied Complied		Date: 08/04/2026
10	MISCELLANEOUS	x. The implementation of the project vis-a-vis environmental action plans will be monitored by Ministry's Regional Office at Bhopal / MPCB / CPCB. A six-monthly compliance status report shall be submitted to the monitoring agencies
PPs Submission: Complied Not Applicable as per Ref- EC point No. 4 (Plant located in SEZ) Quarterly consent report submitted to MPCB regularly.		Date: 08/04/2026
11	MISCELLANEOUS	xi. The Project Proponent shall advertise in at least two local newspapers widely circulated in the region around the project, one of which shall be in the vernacular language of the locality concerned informing that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the MPCB and may also be seen at Website of the Ministry and Forests at http://envfor.nic.in . The advertisement shall be made within 7 days from the date of issue of the clearance letter and a copy of the same should be forwarded to the Ministry's Regional Office at Bhopal.
PPs Submission: Complied Complied		Date: 08/04/2026
12	MISCELLANEOUS	xii. The Project Authorities shall inform the Regional Office as well as the Ministry the date of financial closure and final approval of the project by the concerned authorities and the date of start of land development work.
PPs Submission: Complied Complied		Date: 08/04/2026
Visit Remarks		
Last Site Visit Report Date:		N/A
Additional Remarks:		Half Yearly EC Compliance report for the period of Oct 25 to March-26.
Note: This acknowledgement is as per the details submitted by project proponent. In no way is this document to be considered as conclusion on any action on the compliance of the project. This is strictly for the project proponent's reference purpose.
